

CARMICHAEL OUTREACH

Together We Can End Homelessness

THE BOUTIQUE

The catch in this boutique? Everything is free. People can access the housewares, clothing, shoes, books, and toys they may not have financial access to otherwise thanks to community donations. The boutique also provides our Housing Support Program with goods to assist transitions out of homelessness.

FOOD SECURITY & NUTRITION PROGRAM

The Food Security & Nutrition Program serves a hot-take out lunch Monday-Friday each week, and offers a Nutrition Program aimed at increasing local food knowledge. The program seeks to evolve and develop partnerships that help increase local food security and food sovereignty.

HOUSING SUPPORT PROGRAM

The Housing Support Program works to provide support to individuals and families facing the challenge of homelessness. The program provides tenant and landlord support, assistance accessing necessary financial resources, and advocacy for program and policy development at all levels of government.

HARM REDUCTION

Carmichael Outreach firmly upholds the delivery of addiction supports via the harm reduction framework. We host various meetings, a needle exchange, and advocate for the development of relevant harm reduction supports to provide strong support to people experiencing addictions.

ARTS & CULTURE

Carmichael firmly believes in the power of art. Whether it's the Free Press, our painting class, photography, or printing class, we believe that art is an important tool for connecting our community, amplifying social expression, and bringing change.
